EVERY BIT A SANTA CRUZ

RIDE A QUALITY EBIKE

Santa Cruz ebikes are more than just a mountain bike with a motor. We design the suspension kinematics, tune the shock, and spec the bike for the specific forces and experience of riding an eBike. The result is a high-quality eBike that delivers the confident handling and poise riders expect from a Santa Cruz.

QUALITY BICYCLES SINCE 1994

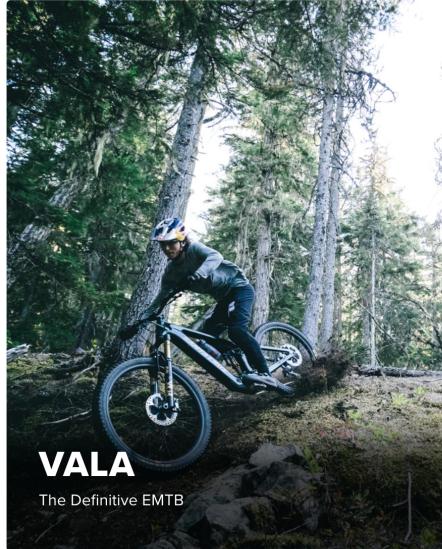

We design, research, engineer, manufacture, and assemble the very highest-quality bikes. Whether you're piling up bike park laps, pushing your limits on the local trails, embarking on all-day epics, or ducking traffic on your commute, our bikes are made to last you many lifetimes of real-world abuse.
